THE FARM INCOME STABILIZATION COMMISSION OF ONTARIO

SEVENTH ANNUAL REPORT

FISCAL YEAR ENDED MARCH 31, 1984

ONTARIO
MINISTRY OF AGRICULTURE AND FOOD
LEGISLATIVE BUILDINGS, TORONTO

HON. DENNIS R. TIMBRELL
MINISTER

Toronto, Ontario
Oct. 5, 1984

To The Honourable Dennis R. Timbrell, Minister
Ministry of Agriculture and Food
Province of Ontario.

Sir:

I have the honour to submit herewith the Annual Report of
The Farm Income Stabilization Commission of Ontario for the
period April 1, 1983 to March 31, 1984 including the report of the
Provincial Auditor.

Respectfully Submitted

M. Huff, Chairman
*The Farm Income Stabilization
Commission of Ontario*

FARM INCOME STABILIZATION COMMISSION OF ONTARIO

RESPONSIBILITIES

- administration of The Farm Income Stabilization Act
- administer plans of Farm Income Stabilization established by regulations
- provide for surveys and research relating to farm income stabilization to obtain statistics for Commission purposes.

THE YEAR IN REVIEW

The Commission made stabilization payments of \$5.71 per tonne for Corn, \$1.19 per tonne for Barley, \$13.61 per tonne for Soybeans, and \$24.12 per tonne for White Beans for the 1982-83 crop year.

Stabilization payments are made on registered and eligible production when producer returns fall below 95% of the previous five-year average price plus changes in cash costs of production. Payments are limited to the difference between the 90% and 95% levels. Participating producers are required to register expected sales and pay fees in advance equivalent to an estimated one-third of the expected payouts. Interest is credited to producer fees on deposit and any unused fees and interest are returned at the termination of the program.

Following negotiations with the Apple industry, a plan was introduced covering the 1983 crop.

The Ontario Government's share of Corn, Soybeans, White Beans and Barley Stabilization payments in 1983-1984 was \$4.3 million.

FARM INCOME STABILIZATION COMMISSION OF ONTARIO

(Incorporated without share capital under
the Farm Income Stabilization Act)

Balance Sheet as at March 31, 1984

ASSETS

	<u>1984</u>	<u>1983</u>

FARM INCOME STABILIZATION COMMISSION OF ONTARIO

AUDITOR'S REPORT

I have examined the balance sheet of the Farm Income Stabilization Commission of Ontario as at March 31, 1984 and the statement of receipts and disbursements for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Commission as at March 31, 1984 and its receipts and disbursements in accordance with the accounting policies described in note 1 to the financial statements applied on a basis consistent with that of the preceding year.

In accordance with section 14 of the Farm Income Stabilization Act, a report on the audit has been made to the Commission and to the Minister.

J.F. Otterman, C.A.,
Assistant Provincial Auditor.

Toronto, Ontario,
August 3, 1984.

FARM INCOME STABILIZATION COMMISSION OF ONTARIO

See accompanying schedules and notes to financial statements.

FARM INCOME STABILIZATION COMMISSION OF ONTARIO

Notes to Financial Statements

March 31, 1984

1. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The Commission uses a cash basis of accounting except for the following modifications:

- i) For administrative expenses, an additional thirty days is allowed to pay for goods and services pertaining to the fiscal year just ended. In this regard, payments to employees for a pay period which overlaps the fiscal year end date are apportioned between the two years.
- ii) An allowance for doubtful accounts has been established as discussed in note 4.
- iii) Interest is accrued on both outstanding fees receivable and the loan from the Treasurer of Ontario.

2. ADMINISTRATIVE EXPENSES

Administrative expenses are paid out of moneys appropriated therefor by the Legislature of the Province of Ontario. Certain additional administrative expenses have been absorbed by The Crop Insurance Commission of Ontario.

3. FARM INCOME STABILIZATION PLANS

Farm income stabilization plans are established by regulations under the Farm Income Stabilization Act. These voluntary plans are designed to stabilize the income of Ontario farmers in periods of low market prices. Federal stabilization support payments are made for the difference between the current market price and 90 per cent of the five-year average market price as adjusted for changes in cash costs of production. On the same basis, provincial plans support prices between 90 and 95 per cent of the five year average price.

Fees are normally collected in advance except as discussed in note 4 and are set at a level sufficient to cover approximately one-third of the stabilization support payments in accordance with the provisions of section 6(3) of the Farm Income Stabilization Act. The Province of Ontario provides the other two-thirds.

Upon termination of each plan, moneys standing to the credit of farmers enrolled in these plans will be refunded together with any interest earned thereon. Voluntary stabilization plans exist for the following seven commodities: corn, soybeans, white beans, winter wheat, barley, apples and weaner pigs.

4. ONTARIO WEANER PIG STABILIZATION PLAN, 1980-1985

The Government of Ontario developed this five-year plan to help stabilize the incomes of many of the province's pork producers. The plan functions in the manner as discussed in Note 3, with one exception. In previous years, in order to pay the producers the maximum amount possible under the regulations

when stabilization support payments were made, the difference between the farmers' one-third share of the stabilization support payments and their pre-paid registration fees were not deducted from the stabilization support payments but rather were recorded as accounts receivable. While the Commission will endeavour to recover the advances including interest at a later date, a reserve for doubtful accounts of \$237,000 has been reflected in the Commission's accounts as at March 31, 1984 (1983 – \$400,000).

5. LOANS FROM THE TREASURER OF ONTARIO

The Treasurer of Ontario has provided loans under section 11 of the Act to finance a portion of the stabilization payments under the Ontario Weaner Pig Stabilization Plan, 1980-1985. The maximum term of each of these loans is five years, and they bear interest for that term at the current market rate as determined by the Treasurer of Ontario at the time such loans are authorized by Order in Council.

6. STABILIZATION PAYMENTS

Stabilization payments for the 1981 crop year are currently being made under the Corn Stabilization Plan, 1979-1981 and the Soybean Stabilization Plan, 1979-1981. Farmers are eligible to make claims under the above plans until August 31, 1984.

Stabilization payments for the 1982 crop year are currently being made under the 1982-1984 Corn, Barley, Soybean and White Bean Stabilization Plans. Farmers are eligible to make claims under the Corn, Soybean and White Bean plans until August 31, 1985. Claims under the Barley plan can be made until July 31, 1985.

7. REVISION OF 1982 CORN STABILIZATION PRICE

The federal Agricultural Stabilization Board adjusted their price calculations of the support payment relating to the 1982 corn plan. The new level of support increased the provincial 1982 corn payment by \$2.7 million including the farmers' one-third share. These payments will be disbursed in forthcoming fiscal years.

8. COMPARATIVE FIGURES

Comparative figures in Schedule 3 have been reclassified where necessary to conform to the 1984 presentation.

3 1761 11470015 6
